FALL WINTER 2020

The iconic Australian style uses contemporary references to project the brand's sporting heritage into the present: distinctive elements such as kangaroo logos and lettering, printed bands and color-block effects are colored, for the new FW 2020, of red, white and blue classics navy, while the "Lime" theme combines camo and heritage graphics with black and white. Fabrics and fit, including "Jersey" and "Smash", remain the continuous ones of Made in Italy sportswear with the introduction of novelty such as "Double" and "Brushed Acetate" for a slim fit.

Lo stile iconico Australian si avvale di referenze contemporanee per proiettare il patrimonio sportivo del brand nel presente: elementi distintivi come loghi canguro e lettering, bande stampate ed effetti color-block si colorano, per la nuova FW 2020, di classici rosso, bianco e blu navy, mentre il tema "Lime" accosta grafiche camo ed heritage a bianco e nero. Tessuti e fit, tra cui jersey e smash, restano quelli continuativi dello sportswear Made in Italy con l'introduzione di novità quali double ed acetato garzato per una vestibilità slim.
